

BBT Online's Bucketlist – March 2018

Frank Bouckaert (56), Managing Partner De Buck Agency/Site Belgium President

1. As a ten year old kid, I wanted to become a singer. Singing is something really special to me. It's stretching words on an emotion expressing melody and rhythm. The magic is to transport that emotion to the public. Learning how to sing and how to move an audience with a song is my number one bucket list item.
2. I would like to meet my spiritual leader: Your Holiness the Dalai Lama one day. I would like to thank the man for spreading his liberating wisdom about the meaning of life.
3. I'm trying to ride more than 100 km by bike in one day. So far I've only got up to 70 km, but we're working on it.
4. A dinner in Belgium's finest restaurant, Peter Goossens' "Het Hof van Cleve" is also high on the list. Never made it there, but some day it will happen.
5. Another thing I would like to achieve one day, is to do a successful 15 minute set as a standup comedian. Radio broadcasting especially, could be a source of inspiration.
